

Stone Guard with LEDs für TTM- and RC4WD- Earth Digger

Order No.: 11000

Perfect fitting and modern thicon-Stone Guard for all and TTM-RC4WD- Earth Digger. The Stone Guard is simply attached via the existing four roof screws. Particularly interesting is the extremely bright LED lights incl. resistor and the stylish exterior mirrors with reflective foil. A wiper for the windscreen completes the package. The 6 ribs are water cut from 2mm Aluminum. The assembly is very simple. A construction manual in German / English is of course inside.

Dimensions:

Width: 65mm + 28mm mirror, height: 165mm, depth: 120mm

Scope of supply:

Kit unpainted aluminum ribs, plastic holders, mirrors, LEDs, wipers and instructions.
